## **MARKING EXCLUSION** **FROM MACHINERY DIRECTIVE 2006/42/EC**

The manufacturer:

**Vesta Automation Srl**  
Via Martiri di Belfiore 69/A  
45100 Rovigo - Italy

with reference to the below classification introduced by the Machinery Directive 2006/42/EC and confirmed in the CETOP Position Paper document PP07 of 26th May 2010 (CETOP Position Paper on the Implementation of the Machinery Directive 2006/42/EC in the Fluid Power Industry):

- Art.1.1: machinery
- Art.1.2: partly completed machinery
- Art.1.3: safety components

DECLARES under its own responsibility

that the below products planned and placed on the market by the above mentioned manufacturer are not covered by Machinery Directive 2006/42/EC:

- Pneumatic cylinders and actuators
- Pneumatic valves and solenoid valves
- Air treatment units (FRL)

As described in chapter 1.4 of CETOP Position Paper, these components do not fall directly within the Machinery Directive in accordance with § 35 and 46 of the draft guideline of the Machinery Working Group of the European Commission dated Dec 2009. The pneumatic components described in chapter 1.2.1, 1.4.2 and 1.4.3 are to be considered neither machineries nor partly completed machineries.

The products placed on the market by the above manufacturer, that can have CE-mark are the following:

- coils MS, CS, SCN with voltage higher than 50V (73/23/EC)
- 4hf Netlogic (89/336/EC)
- ESNW (machinery directive: 2006/42/EC)
- ATEX products (94/9/EC)
- SBI (safety component: Machinery Directive 2006/42/EC, EN 574:1996 + A1:2008)

**Vesta Automation s.r.l.**
