## “REACH “ REGULATION 1907/2006/CE

### **on the registration, evaluation, authorization and restriction of chemicals. (REACH: Registration, Evaluation, Authorization and Restriction of Chemicals)**

Following up the regulation above C.matic declare as follows :

C.matic are to be considered exclusively as users of substances and/or preparations used in their own production processes; such substances and /or preparations are purchased from suppliers that have submitted adequate compliance declarations to the above mentioned REACH Regulation.

The products manufactured by C.matic, pneumatic fittings for automation applications DO NOT contain substances/preparations which can be deliberately released during the ordinary use of the finished products. Furthermore , as for the substances potentially contained in our components, we herewith declare that NONE of the substances listed on the “Candidate list” (substances SVHC) exceeds a total quantity of 1 ton/year and is present in a quantity above 0,1% in weight by weight.

The aforementioned information frees our customers from the need to notify ECHA ( European Chemicals Agency) about new substances as a consequence of the use of our products.

This declaration is applicable with regards to the substances stated on the Candidate list updated as of today. The updated list of SVHC substances is available at :

<http://echa.europa.eu/web/guest/candidate-list-table>

For further information on the Reach directive, You may contact Eng. Filippo Confalonieri
